The level entry main level features master bedroom with ensuite bath, 2nd bath with skylight, and 2nd bedroom. Step down into the living room complete with gas fireplace and take in the spaciousness provided by vaulted ceilings. Also on the main level is a kitchen and dining room. And finally, the finished basement below features 3 more bedrooms, den, and exercise room. Two separate view decks, and patio area allow you to choose sun or shade at any time of the day.
